### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

The Organization was established in 2002. The Organization's four specific program goals are to: (1) increase opportunities for family and community self-determination through holistic education, workforce and entrepreneurial training and family literacy; (2) build community through leadership development and the search for solutions to common concerns; (3) preserve, foster and share participants' cultural heritage with the wider community and facilitate intercultural exchange; and (4) advocate ecological awareness and action for a sustainable economy and healthy communities. The Organization runs the Forest Grove Farmers Market in support of their economic development and sustainable farming goals. The Organization is supported primarily through private and government grants. These sources accounted for 78% of the total revenues for the year ended June 30, 2014.

### Financial Statement Presentation

The Organization's financial statements are presented in accordance with accounting principles generally accepted in the United States of America on the accrual basis of accounting. Revenues and gains are recognized when earned and expenses and losses are recognized when incurred.

The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets depending on the existence and/or nature of any donor restrictions. Theses net assets classifications are described as follows:

<u>Unrestricted Net Assets</u> – not subject to donor imposed restrictions or stipulations as to purpose or use. Unrestricted net assets may be designated for specific purposes or locations by actions of the Board of Directors.

<u>Temporarily Restricted Net Assets</u> – subject to donor imposed stipulations that may be fulfilled by actions of the Organization to meet the stipulations or become unrestricted at the date specified by the donor organizations.

<u>Permanently Restricted Net Assets</u> – subject to donor imposed stipulations that they be maintained permanently, with only the earnings thereon being available to use currently for defined purposes.

See Independent Auditors' Report.

### YEAR ENDED JUNE 30, 2014

### Note 1 - Nature of Activities and Summary of Significant Accounting Policies (continued)

### **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Income Taxes

The Organization is a non-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified by the Internal Revenue Service as other than a private foundation. ### Note 1-Nature of Activities and Summary of Significant Accounting Policies (continued)

### Receivables (continued)

In addition, an allowance is provided for other accounts when a significant pattern of uncollectability has occurred. Management has not experienced any collectability issues in the past. Management believes that all receivable balances are fully collectible at June 30, 2014 and therefore, a provision for uncollectible accounts has not been established. If amounts become uncollectible, they will be charged to operations when that determination is made.

All contracts and accounts receivable are considered to be current with the exception of \$500 in accounts receivable that is over 90 days past due.

### Recognition of Revenue from Contributions and Grants

Contributions and grants are recognized when awarded as unrestricted, temporarily restricted, or permanently restricted net assets depending on the existence or nature of any donor restrictions. The value of in-kind donations is recorded at an estimated fair market value, as determined by management, at the time of receipt.
